

CALIFORNIA DEPARTMENT OF  
FOOD & AGRICULTURE

Karen Ross, Secretary

DMS NOTICE  
D- 11 - 04

October 14, 2011

Discard: Retain

TO: WEIGHTS AND MEASURES OFFICIALS

**SUBJECT: Searchable CTEP Database**

The Division of Measurement Standards is pleased to announce that an enhanced, searchable version of the California Type Evaluation Program (CTEP) database is now available at [www.cdffa.ca.gov/dms/programs/ctep/ctep.html](http://www.cdffa.ca.gov/dms/programs/ctep/ctep.html).

Persons seeking information about CTEP approved devices in California can search the database by entering Certificate Number, Model, Manufacturer, Certificate Issue Date, and/or Device Type. Individual Certificates of Approvals are available for viewing or printing from the search results page.

Persons wishing to look up National Type Evaluation Program (NTEP) Certificate of Conformance (COC) information will still need to visit the NTEP site at [www.ncwm.net/certificates](http://www.ncwm.net/certificates).

If you have any questions or comments regarding the new site please contact Kevin Batchelor at (916) 229-3050 or via e-mail at [kbatchelor@cdffa.ca.gov](mailto:kbatchelor@cdffa.ca.gov).

Sincerely,

Kristin J. Macey  
Director

cc: Edmund E. Williams, Director, CDFA County Liaison Office
