TO WEIGHTS AND MEASURES OFFICIALS

**SUBJECT: County Assignments for Measurement Standards Personnel**

There have been several changes in Measurement Standards field personnel. Accordingly, the county assignments and telephone numbers for some specialists/investigators have also changed. To assist counties with these changes, the attachment to this notice lists the personnel within the Division assigned to a particular county and the specialist/investigator's telephone and pager numbers.

Several northern California counties currently have no designated Device Program representative to assist and coordinate program activities. We plan to rotate Division personnel through Mike Kelly's vacated position until a more permanent arrangement can be made. The previous contact number for Mike Kelly will be monitored by the assigned specialist and may continue to be used for messages.

Counties may contact their assigned specialist/investigator using the attached list of telephone or pager numbers. If you are unable to contact your specialist/investigator using either of these numbers, please contact the Sacramento office at the number below for assistance.

Sincerely,

A handwritten signature in black ink, appearing to read "Mike Cleary".
