

Division of Measurement Standards
8500 Fruitridge Road
Sacramento, CA 95826

DMS NOTICE
P - 01 - 5

November 6, 2001

Discard: Retain

TO WEIGHTS AND MEASURES OFFICIALS

SUBJECT: Air and Water Contract Work

Due to mandatory budget reductions in programs funded through the State general fund, it has become necessary for the Division of Measurement Standards to eliminate the funding for the air and water inspection and complaint response contracts. Therefore, effective November 7, 2001 the Petroleum Products Program will discontinue reimbursement to counties for air and water contract work. County weights and measures officials should submit invoices for air and water contract work completed prior to that date as soon as possible.

Sincerely,

Mike Cleary
Director
(916) 229-3000
